

Safety First...it's the right thing to do!

October, 2013

Ref-Chem is proud to announce that the Williams Herminie Phase I Compressor Station project has WON the 2013 ABC Houston Chapter ICE Award for excellence in construction.

This prestigious award recognizes projects which exemplify innovative design, precise craftsmanship, superior safety practices, and many other considerations.

...“the poster child of how a station should be built” ... Amanda Kaiser, Engineer III – Williams Herminie Phase I PM

Ref-Chem Management would like to convey our sincere thanks and congratulations to all of the staff and their families who contributed to the support of this award winning project!
