

Ref-Chem Making a Difference.

Recognitions to all of the Ref-Chem employees who donated to the Star of Hope toiletry drive!

All donations were given at the Light of Hope Festival in the 5th Ward of Houston. Over 175 residents attended throughout the day and were able to select things they needed. They enjoyed games, crafts and music with the company of Houston's Fire Department, workers from the Astros, Children's Museum, the Dynamo and even Ref-Chem.

"Thank you to Ref-Chem for all the generous donations, we are so amazed to see a company wanting to give back to local communities in need." –Di Tubbs, Outreach Coordinator at Star of Hope
