

EMBRACING THE VISION THAT SAFETY SAVES LIVES AND QUALITY SAVES JOBS.

December 2012

Ref-Chem, L.P. is pleased to announce the release of its new website at www.ref-chem.com

The new site reflects who we are as a company today, as well as our depth of Construction, Engineering, EPC and Maintenance capabilities.

It is designed with a fresh new look and user-friendly navigation, updated with the latest information about our core services.

A few of the significant improvements include Ref-Chem News on the **About Us** page, employee intranet access  found at the bottom of each page, and our new job opportunity page.

We encourage you to spend some time navigating the site and hope you find it both informative and helpful.

This will be yet another tool for strengthening our business relationships and expanding our company brand.
